PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society:

[illegible] March 27, 1855. It is with much pleasure that I commend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned. ATROCIOUS JUDGES!

LIVES OF JUDGES, INFAMOUS AS Tools of Tyranny and Instruments of Oppression; BY JOHN, LORD CAMPBELL. With an APPENDIX containing the CASE OF PASSMORE WILLIAMSON. Edited with an Introduction and Notes, BY RICHARD HILDRETH. One Volume, 420 pages, 12mo. Price $1,00.

THE various man hunting expeditions which have within the last few years been made into the North, and the numerous trials including the Jerry, the Sims, the Burns and similar cases, and the crowning act of infamy enacted by JUDGE KANE UPON PASSMORE WILLIAMSON, have excited the profoundest indignation and alarm. The Publishers believe, therefore, that this amply attested and clearly drawn record of what judges have done, will lead the people to see what, if unchecked, judges may still do. Christadoro's Hair Dye still Triumphant!

CONTRAST the tints wrought out in the hair by Christadoro's matchless revitalizing Hair Dye, and those produced by application of the burning fluids ordinarily sold as Hair Dyes, you see at once that the color is natural in one case, unnatural in the other, and the simple reason is that Christadoro's is the only preparation which by its exact chemical combination operates on natural and immutable principles. Made, sold and applied (in private rooms) at Christadoro's, 6 Astor House, Broadway, N. Y. Also for sale by the principal Druggists and Perfumers throughout the country. W. H. CONGREGATIONAL SINGING.

UNQUESTIONABLY the best and most useful Hymn and Tune Book yet published for the use of Lectures, Prayer and Conference meetings, Social Worship and Congregational Singing, is

Temple Melodies.

This work contains five hundred Hymns and two hundred Tunes. It has been pronounced the best collection of sacred lyrical poetry ever issued, and undoubtedly embraces a larger number of really favorite tunes already used throughout the length and breadth of the land than any similar work. It has also the advantage of being furnished at a very low price, thus bringing it within the range of almost all congregations. TEMPLE MELODIES is already in very extensive use and is constantly being more widely introduced. Letters from many clergymen speaking in the highest terms of its utility, are in the hands of the publishers. We earnestly invite the attention of clergymen, and all others who are interested in securing a general participation in the singing exercises of Divine Worship to this work.

To meet the wants of all, two editions of TEMPLE MELODIES are published—one in large and the other in small type. In other respects, these editions are alike, page for page, so that they can be used together in the same congregation. The prices are as follows:

Twelvemo Ed (small type) cloth binding per doz	[illegible]
The same in leather binding per doz	6 00
Octavo Ed (large type) cloth binding, per doz	7 00
The same in leather binding per doz	8 00
Single copies sent for examination on the receipt of	50

F. M. LANE'S PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the light and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., while in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decorations of Private Dwellings, Churches, &c. Sign and Fancy Painting. F. M. LANE, 23 Spring street, and LANE & CORBUSIER, Clinton st., Walker's Point, Milwaukee. fe27ly

The opinion of a Lady who knows Frank M. Wever and has bought goods at

WEVER'S DRY GOOD PALACE AND CARPET ROOMS!

Come to the Palace oh come there with me;
Where Fashion, and splendor, still holds her levee
And smilingly tells you that Beauty is sold,
To youth or to age, in exchange for their gold
And their many like charms through life may prolong,
In robes like a Queen's, which sell for a song.
They've shawls for the taste, and shawls for the storm,
They've cloaks which fall softly so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces, and broideries, ribbons, and tassels,
They've sombre hued goods, for the weeping, and sad,
They've silks like the sunshine, for merry and glad,
They've fabrics for millions, and hold their levees,
For those who pay tribute, or come but to see,
If Palace of Dry Goods, so wonderous grand,
Can be aught but a fable of old Fairyland,
But those who know WEVER, can't doubt for a minute
This glorious Palace, and all that is in it. C. H. G.

Now I blush indeed I do, what modest married man would not? Yet I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely yet humbly my fair contributor, I trust that by honesty, uprightness and my gentlemanly bearing I may ever command her respect. F. M. WEVER, 158 East Water Street. Nov27

During the past week he has received an additional supply to his before extensive stock and now offers a complete assortment of very superior 6, 6½, 6¾, 7, and 7 octaves Pianos, in rich and beautiful cases, chaste but not gaudy, from manufacturers of established and unequalled reputation, viz:

News of the Morning.

In the Supreme Court yesterday, the counsel for Mr. Bashford prayed for judgment of *ouster* against Mr. Barstow, the latter having made no plea to the information filed by the former. The Court took the matter under advisement. The Select Committee of the Assembly has not yet decided what to do about this business.

We have conflicting reports from New Hampshire, but the latest accounts indicate a Democratic triumph.

An anti-Nebraska caucus was to be held at Washington, last night, which is expected to tell on the action of Congress.

Several destructive fires are reported under the telegraph head.

Navigation is about to be opened on Lake Ontario.

The State University.—We publish to-day a communication from a gentleman, whom we know to be interested in the permanent success of our State University, and whose strictures, though seemingly harsh, will, we hope, elicit a satisfactory and authorized reply from some member of the Faculty, or Board of Regents.

THE NEW PLATFORM.

The Executive Superior to the Law.

The Madison *Argus*, official organ of the State Administration, concludes its account of the doings at the Barstow caucus at Madison, Friday night, in the following terms:

> Long, profound and earnest deliberations occupied the meeting till a very late hour. It was then with such uniformity and enthusiasm as have rarely animated a body of public men, determined *that in no event ought the Governor to admit the usurped jurisdiction of the Court*, and they pledged themselves to support his determination to the last, by word, pen, and act, and so far as they could, *committed the Democratic party of the State to the same course.*
>
> Upon that platform, *ignoring all others till that is established*—the integrity of the government—the independence of the Executive—the restriction of the Judiciary to its constitutional limits—the Democratic party of Wisconsin stands—upon that platform it will triumph—BY THAT SIGN WE CONQUER!

How far this attempt to commit the Democratic party of Wisconsin to the fortunes of Mr. Barstow will prove successful, remains to be seen. We cannot believe that sober, law-abiding, peaceable citizens, whatever their political preferences may be, will permit a few needy and desperate party leaders to throw the whole State into turmoil and confusion, derange the machinery of Government, assail and defy the Courts, trample upon the Law, and make Wisconsin a byeword and reproach all over the Union, in order to keep Wm. A. Barstow in an office to which he has no just claim. Indeed, the insane project has already sustained two serious checks;—one at Madison, in the triumph of the Anti-Barstow men at the first Charter Election; the other in this city, at the meeting in Young's Hall, Monday evening, when the resolutions endorsing Barstow and his defiance of the Supreme Court were promptly and unmistakeably *voted down*.—It is a significant circumstance also that *not a single paper in this city*, of any political party, has, as yet, followed the desperate lead of the Madison Conspirators. We hope for the credit of the Democratic party, for the good name and welfare of our State, and for the cause of Law and Order, that the bold, bad men, who have erected this new platform and called upon the democracy everywhere to bow down and worship Barstow and to set at defiance the Courts and the Law, will be left to tread the path of civil war alone and unsupported. In their assault upon the Supremacy of the Law, let them be rebuked by the majesty of the People.

More "Supplemental" Proceedings.

The *Wisconsin* of last evening contains a report of the Conspirator's gathering at Young's Hall, Monday evening, from which it appears that the names of some *twenty-five* of our citizens were coolly appropriated by the Committee and made to figure in the record, as Vice Presidents. We know that several of these gentlemen utterly disclaim all sympathy with the meeting, or its object, and it was significant to remark, that when the Chair urgently appealed to these "25 Vice Presidents," to come forward and take their seats on the platform, *not one of them* obeyed the summons! Of the long array of promised speakers, too, *three-fourths* were missing. Only two appeared, and both of these in a professional capacity. Indeed, outside the small squad of political adventurers and reckless partizans who got up and managed the meeting, there was not a handful of Barstow men in the crowd. The People will not sustain the Usurper, and *will* put down the Conspirators.

The Right Spirit Abroad.

> We have news from the entire Eastern part of the State, since the reception of Gov. Barstow's Jacksonian message.—Democrats everywhere rally in response like an army to the trumpet call of battle. In Janesville, Racine, Waukesha, and from everywhere we hear, the same noble response comes—*Resistance to Judicial usurpation—Rebellion to Judicial wrong!* A mammoth public meeting in Milwaukee to-night, will speak on this question.—*Madison Argus.*

We do not wonder that the *Argus* should turn from Madison to the "Eastern part of the State" for some crumbs of comfort in the present aspect of political affairs. But it is doomed to as great disappointment here, as at home. The "mammoth public meeting in Milwaukee" did speak, as the *Argus* announced, though very differently from what the *Argus* expected. The resolutions sustaining the Usurper Barstow and denouncing the Supreme Court were rejected by an overwhelming vote. The "mammoth meeting" indignantly repudiated the Conspirators and declared emphatically for the Law.

The Cold Shoulder.—The Democratic Press of this city thus far utterly and unanimously refuse to sustain the Madison Conspirators. The *News* of yesterday morning was silent on the subject, and the *Wisconsin* publishes, but carefully abstains from endorsing, the proceedings of the Barstow meeting on Monday night. The mass of the reflecting, law-abiding members of the party in this city, also repudiate the attempt to dragoon and override the Supreme Court.

As we Supposed.—The Racine *Democrat* thus replies to the positive statement of the *Wisconsin*, that Judge Doolittle had resigned his seat on the Circuit Bench, in order to become a candidate against Chief Justice Whiton, of the Supreme Court, whose term expires next year:

> We have information from those who know, that Judge Doolittle has no intention of being a candidate for a seat on the Supreme Bench. His object in resigning was just what he avowed it to be. If the Wisconsin will say where it learned its news it will oblige some people.

☞ The entire American, Whig, Republican and Democratic press of New Jersey, repudiates the nomination of Fillmore and Donelson. So says the Newark Mercury.—*Albany Journal.*

Wisconsin can boast of the same creditable unanimity. Not a single paper in this State, of any political party, supports the Philadelphia K. N. nomination.

Fire and Heavy Loss.—The Stevens Point *Pinery* of the 8th instant contains the following item of news:

> We have just heard that the extensive Mills of Dr. Schofield, at Big Eau Claire, were burned to the ground last Wednesday evening, with two million feet of lumber. Particulars not learned.

FROM MADISON.

Editorial Correspondence of the Sentinel.

Madison, March 10, 1856.

Beyond the brief letter which I sent this afternoon by the cars, there are no developments yet in the matter which now engrosses the attention of the people of the State. As I therein stated, it is generally supposed that a Report of the exclusively "democratic" Assembly committee was prepared, with the intention of presenting it this afternoon, *impeaching the Supreme Court Judges*, for the high crime and misdemeanor of deciding that they have the right to enquire into the correctness of the canvass. But, it being found that there were but 20 democrats present, and some 24 republicans, and the democrats not being all thought *reliable*, it was probably not deemed best to venture on a report this afternoon. At all events there was no report.

The Supreme Court meets again to-morrow afternoon, and some step of importance will doubtless be taken in the case; there may also be some developments in the Assembly.

In Senate, there was a very early adjournment, the vote standing as follows:

Ayes.—Adams, Barber, Dexter, Giles, Gill, Mills, Pier, Smith, Sutherland, Worthington—10.

Noes.—Barnes, Fitzgerald, Hadley, Kelsey, Rose, Weil—6.

It is undersood that the majority took this course in order to have an opportunity to consult as to the proper course to be pursued in the extraordinary circumstances in which the State Government stands at present. I presume that the Senate will continue in its course of *quasi* recognition of Barstow, until the judgment of the Court shall oust him.

A large number of bills were put through "in the heap," without reading, in the Assembly. One bill, to pay Gen'l. Smith $3,000 for compiling the Documentary History, met with opposition, and went to a select committee. It was shown that $2,200 has already been paid on this account, besides the $18,500 paid for the books.

Among the bills passed were the following:

Legalizing the study of Anatomical Science, (providing subjects.)

Dividing the Kilbourn road district in Milwaukee Co.

Authorizing certain towns to aid in the Mil. & Beloit R. R.

Repealing the act making appropriation to the State Agricultural Society.

Of course I can only give rumors as to probable movements hereafter, based upon the best authority within my reach, and I may say that it is expected that the Court will be called upon to-morrow to give, and will probably give its judgment, if not to-morrow, soon afterwards. It is thought, in quarters well qualified to judge, that the movement of the Attorney General at the beginning, in making the State a party in a certain and decided manner, must now place the relator (Bashford) in a favorable position—and the judgment of the Court must be given for the State, that "corporation" by its sworn officer, having brought suit, stating that Barstow usurps and that Bashford is entitled to the office.

*The election here to-day, the first under the new City Charter, has, it is believed, resulted most auspiciously for the best interests of the city, the People's ticket, headed by Col. Fairchild, having met with unexpected success over the unterrified and defiant democracy.

W. H. W.

*The defyers of law are in great confidence of being sustained by the democracy of Milwaukee. I will not believe so ill of any class of our citizens.

State Historical Society.

Stated Meeting, March 4th, 1856.

Present fourteen members of the Executive committee—President Smith in the Chair.

Judge Atwood offered a resolution, which was seconded by W. A. White, that a committee of three be appointed, to draft a memorial to the Legislature, asking an additional appropriation from the State to the Society, and an increase of the salary of the Corresponding Secretary.

It was adopted, and Messrs. J. P Atwood, L. J. Farwell, and W. A. White, appointed such committee.

The Secretary announced the receipt of thirty letters from societies and individuals; among others, from Dr. G. W. Eastman, stating that Mrs. Benj. C. Eastman, will, in accordance with the wishes of the society, furnish the portrait of her late husband; Hon. Moses Meeker, promising his portrait in the spring, and has commenced writing his personal narative of the lead region, dating from 1812. Ms. narratives were laid before the committee, embracing altogether some 330 foolscap paper of most valuable and interesting matter pertaining to the pioneer history of Wisconsin, written by Rev. Alfred Brunson, Hon. J. H. Lockwood, Col. D. M. Parkison, Major Peter Parkison, Major Alexander Higginbotham and others, and designed for publication in the next volume of the Society's transactions. Several persons promise written historical statements.

Seven portraits have been added to the *Picture Gallery* during the month, excellent paintings executed by S. M. Brooks—of Solomon Juneau, H. S. Baird, W. R. Smith, I. A. Lapham, Gov. Barstow, and Judge Smith of the Supreme Court—presented by those persons respectively; and of Col. Ebenezer Childs, presented by the members of the Executive Committee. One hundred volumes have been added to the Library during the past month, and many files of newspapers, maps, pamphlets, antiquities and curiosities—among them, some ancient MSS. dating as far back as 1790. We are glad to record the first bequest made the Society—a valuable selection of books by the late D. S. W. Williams, an accurate antiquarian writer, and a member of the society. The identical ribbon which was taken from Black Hawk's Lair when he was captured in August 1842, has been received from Rev. A. Brunson.

Among the promised contributions, we may cite those by Hon. Solomon Juneau—a paper on the early settlement of Milwaukee, a portrait of the head chief of the Chippewa,s Pottawottamies, and Ottowas of Manitowoc, named Wate-me-ge-la-ko, or *The Waupun*, and likenesses of Oshkosh, Lamott, and other noted chiefs. Mr. Juneau, like our other intelligent old pioneers, takes a deep interest in the society.

Judge Atwood from committee to memorialize the Legislature, reported an ably written memorial, which was unanimously adopted, and signed.

Messrs. S. Hall, A. B. Braley, P. Parkinson, Jr., E. A. Tappan, F. D. Fuller, and John E. Thomas, were chosen active members; Dr. E. B. Cary, and others corresponding members.

After allowing some accounts, the Society adjourned.—*Madison Patriot.*

> ☞ The *Sentinel* copies and circulates the scandal of which Mr. Besley's trip to Nicaragua is the subject. We have already corrected the mis-statements in relation to his departure. He has gone for only a brief absence, and will be back here about the middle of April. There is nothing wrong or even suspicious in relation to it.—*Madison Argus.*

We cheerfully give the *Argus* and Mr. Besley the benefit of this explanation, and have only to add that we hope it may prove a true one.

Won't go Down.—The New Haven *Journal and Courier*, the leading American paper in Connecticut, repudiates the nomination of Fillmore and Donelson, and defends the action of the Connecticut delegation in withdrawing from the Convention.

The Lafayette (Ind.) *Courier* says the ticket has no supporters in that part of the Wabash valley.

THE STATE UNIVERSITY.

What has it Done?—What is it Doing?

Beaver Dam, March 8, 1856.

Messrs. Editors:—The Board of Regents, and the Faculty of the State University ask indignantly of the public, "What have we done to excite your bitter enmity, and your opposition?"—The Public in reply, reiterate, "What have you done?"

Seven years ago the State placed in your hands near half a million of dollars, in property and in credit, with *carte blanche* to establish a University—not a District School—nor a College—but a University, which was to be the pride of the State—which was to be a great head of learning; where, in the Normal Department, young men were to be taught, and the State provided with well instructed teachers for the rising generation—where, in its various other Departments, the Professions were to be taught, and young men, ambitious of professional eminence, were no longer to be sent *out* of the State for an education. BUT, we repeat, *what have you done?* We hear that you are paying Five Hundred Dollars a year for a Professor of Normal Instruction, but we cannot learn that you have ever had a student in that Department—that a lecture has ever been delivered, or a lesson ever taught there. We have attended many teachers meetings in the State, but have not yet had the good fortune, to meet at any of them, one of yourselves, or your agents, endeavoring to find what was needed, or to hold out to young men encouragement to come to you and receive—that for which *you* were paying, and which was necessary to their qualification as good teaching.

We learn that more than a year ago, you organized the Medical Department of the University; but we cannot learn that the first step beyond this *nominal* organization has been taken, to educate one medical student. We cannot learn that one dollar has been expended for this purpose, beyond that of *publishing* to the world the fact of its organization, and making a *display* of its importance—on the contrary, we saw a few days ago in Madison, a gentleman laboring with the Legislature, to get them to make an appropriation for this purpose, laboring with a zeal and energy that deserved more success than he is likely to meet with.—We wanted to tell him how we pitied him, but he seemed to have too much spirit to take comfort in our pity, or to be discouraged by our advice.

We hear that you are preparing, or "making arrangements" to organize the Law Department, but we cannot learn that you are "making arrangements" to lay up a single dollar to endow it with its libraries, and its salaries. However, when in your next report we see what a fine show it makes *on paper*, we should be satisfied, with the pride we feel and the envy we excite, in *distant* States, at our fine Institution of learning.

We learn that your Academic and Collegiate Department has been organized for some years, and that the Professors in this department are receiving salaries to the amount of nearly *eight thousand dollars*, but we have yet to learn that you have ever taught at one time more than twenty students in the college proper.

Now we ask once more, "What have you done? or, what are you going to do? When are we to see your institutions of learning on the footing we have a right to expect? Your Law and Medical buildings, well supplied with libraries and cabinet, and filled with students? Your fund is ample. Let our pride be gratified, our children and young men educated, our institutions be made in reality examples worthy of the imitation of all the other States, and God speed our University!

A Southern Bravado Answered.

CORRESPONDENCE BETWEEN JOHN A. JONES OF GEORGIA AND LEWIS D. CAMPBELL OF OHIO.

Fairie Knowe, Geo., Feb. 7, 1856.

Sir: I have been reading your speech on the Kansas-Nebraska bill—House of Representatives, Dec. 14, 1854. One short passage gave me great pleasure. You say: "I have briefly passed over and analyzed this act. I denounce it as transferring the just powers of the people of the States to the National Executive, already swollen with its enormous powers of Federal patronage and the veto. The transfer is a bitter pill." No doubt of it, and the entire bill, doubtless, is more bitter still. But you were forced to swallow it. It is the sweeter to us because you loathe it.—Disgorge it if you dare. Repeal the Fugitive Slave Law at your peril. Pitiful, meddling, hectoring fanatic—you dare not do it. The South is aroused; you see it, and you will quail; you will crawl back into your fanatical den, and snarl, and growl, and show your claws, but you dare not strike, and I, for one, am sorry for it.—Now mark me—you have got the vote in the House to do it. Refuse Kansas admission into *the* Union, and in ninety days she will be admitted into *a* union freed from your foul contaminating connection.

Believe this is (not) intended as a threat to deter you—(you are deterred already)—it is sent to you in the hope that if you have one spark of courage, it may fire that spark. 'Tis vain—you will retreat from your lofty boastings faster than your regiment ran from the Mexicans at Buena Vista when they had to be covered by Southern shields.

Respectfully,
JOHN A. JONES.

House of Representatives,
Washington, Feb. 19, 1856.

Sir:—Your letter of the 7th inst. could not have caused me to spend one moment of my time, nor one drop of ink in reply, but for the fact that, on inquiry of the courteous members who represent Georgia in this body, I learned that very recently you had the audacity to aspire to the seat in the American Congress, occupied by Gov. Lumpkin.

The object of your impudence in thus addressing me, a stranger to you, is not well understood. If it was to *offend* me, permit me to say that, without provocation, no *gentleman* would insult me—no *blackguard* can! To which class you may belong, it is not my province to decide: I therefore submit your epistle through the Press to the people North and South, believing that their just judgment will assign to you your proper position.

But in doing this I beg of the Northern reader not to judge the people of Georgia by the standard *you* have thus constructed for *yourself*, because my intercourse, for six years in this Hall, with their representatives, satisfies me that the criterion would be grossly unjust. Georgia is the *fast* State of the South. She has made rapid progress in "physical development." Although she sends here those with whom I cannot agree in all respects in matters of national legislation, still she sends men of high-toned character and true "chivalry." When they disagree with their *peers*, they disagree in that spirit which characterizes the statesman and the gentleman—a spirit which it might be well for you to cultivate.

I ought, however, to consider your letter, in some degree well-timed. Of late a portion of the newspaper press in the Free States have assailed me because I had the temerity to propose that Mr. Orr of South Carolina should preside *temporarily* only over this body, while in its unorganized condition, in order to preserve that dignity which becomes an *American* Legislature. It is *possible*, if not probable, that Wm. Lloyd Garrison of Massachusetts may for this cause have burned me in effigy, as be burned the Constitution of "our country" on the 4th of July, 1854. "Covered by the shield" of distance *you* may do the same in Georgia whenever you wish to amuse yourself in that way.

When the "pitiful meddling, hectoring fanatics" North and South have had their day, and shall have gone down politically as they *will* go, "unwept, unhonored and unsung," I trust I shall be a survivor who will be in his *future* as he has endeavored to be in his *past*, as well in *private* as in *public* life, a friend of that *Liberty* and of that *Union* which his ancestors in the American Revolution, without regard to "geographical lines," defended upon the field of battle.

Yours, &c.,
LEWIS D. CAMPBELL.

John A. Jones, Esq., "Fairie Knowe," Van Wort, Ga.

☞ Here is an item from the Louisville *Courier* of March 1st, which shows how Kentucky negroes are going:

> Negro Stampede.—We noticed yesterday a string of six furniture cars, full of negroes, amounting to 120 large and small, all destined for New Orleans on the Ben Franklin. They were from one of the border counties of this State.

☞ The editorial correspondence of the N. Y. *Tribune*, Feb. 29, says that Senater Wade's re-election is hailed with heartfelt satisfaction by the Republicans in Washington. The opposition to him was based on Know-Nothingism.

CAPITAL PUNISHMENT.

In Assembly, Feb. 29.

Mr. Alden, from the select committee, made the following

REPORT:

The select committee to whom was referred bill No. 48 A, an act to repeal an act entitled "an act to provide for the punishment of murder in the first degree and to abolish the penalty of death," ask leave to make the following report: The present law in relation to capital crimes and their punishment has been in operation about three years—ample time in the opinion of your committee for some of the good effects promised by its advocates to have been developed—but instead of such being the case, the crime of murder has become alarmingly frequent, and the circumstances under which it is perpetrated, most revolting and aggravated in their character; and so natural is it to trace results to their proper cause, that hundreds and thousands of the people of this State, once the opponents of capital punishment, we candidly believe, are now its advocates. They have become convinced from practical demonstration that in the abolishment of this law, one of the great safeguards of society has been thrown down, admitting the assassin into our midst, without the fear of any adequate punishment before his eyes. Trace carefully the history of crime, and nothing will be more strikingly apparent than the dread of death, by those who deliberately commit capital offences. The felon who lives by the violent robbery of his fellow men, is sufficiently hardened to commit murder without compunction, if the commission of that crime will aid him in the accomplishment of his object; but place before him the certainty or even the probability of his own execution, for such crime, and he will seek out a more subtle way to procure his booty, but one that shall leave his victim personally unharmed. Those who style themselves the peculiar philanthropists of the present day, have been pleased to look upon the abolishment of the death penalty as an evidence of progress, and to denounce any movement to restore that penalty as a "backward movement." We do not so regard it. A law that in effect allows two innocent persons to suffer, in order that one guilty one may escape adequate punishment, exhibits no evidence of true progress; yet we are satisfied such is the effect of the present law.

It has been urged against the death penalty, that a jury is much less likely to convict a really guilty person than where the penalty is less severe. Such an argument does not lie well against the law. It is no evidence that the law is wrong, because an incompetent jury may have been impannelled. They are in no way responsible for the sentence that may be pronounced in consequence of their verdict; they have simply to weigh the evidence, and convict accordingly, and it ought to be sufficient ground for the challenging and rejection of a juryman, if it is known that he is not able properly to discriminate between his own duty in the case, and that of the judge who sits upon the bench. When crime is willfully committed, in full view of the penalties for such crime, a failure promptly to execute such penalties destroys the moral force of the law; but the man who dissents from the principle of such a law, is incompetent to be in any way connected with its adjudication, its administration, or enforcement. It is owing to the fallacious views, for the prevalence of which these very objectors are responsible, that any such objection as the one under consideration should be taken, and if it proves anything for them, it proves too much.

Again, it is objected that we have no moral right to take the life of an individual as the penalty of any crime. If the objection is well taken, it stands good against all compulsory and retributive laws. We have just as much moral right to take away any man's life, if the law demands it as to take away his liberty, or his property; the difference is only in degree and not in principle. When you sentence a culprit to prison, you deprive him of his natural right to liberty; when you impose a fine upon him, you interfere with the natural right to hold property, and when we follow such objection to its legitimate termination, it ends in doing away with all law and society. It would make man an isolated being, endowed only with the right of self-defence, and of self-preservation. Such a result would unquestionably be very grateful to the evil doer, taking away all obstacles to the pursuance of the dictates of a depraved inclination, but to the peaceable and well disposed, it would render life intolerable. No state of society short of the absolute perfection of all its members, could with safety adopt any such principles.

It is a very common and seemingly a very reasonable belief that in affixing the penalties for the commission of crime, there should be some sort of relation between the degree of the crime and the degree of the punishment; that if the crime is trivial in its nature, the punishment should be of a like nature; that if the crime become more important and hurtful in its consequences, the punishment should be made more severe. And that this gradation in crime and punishment should not only be recognized, but that there should be a natural fitness and adaptation, of particular crime. If a criminal is convicted of stealing, our sense of right and of justice would hardly adjudge that he should simply restore the stolen property, or that he should merely be imprisoned for a time, but that he should both restore the property, if in his possession, and suffer the imprisonment.

If the theft is changed to burglary, though the amount of property taken be no greater than in the former case, the punishment very reasonably becomes more severe; and if the crime be still farther changed to arson, though it may result only in the loss of property, yet as it endangers life, most statutes make it a felony, and punishable with death. And so we can conceive of no punishment short of the death penalty, in any way adequate for the commission of wilful and deliberate murder. To affix any penalty less severe, is in our opinion to wantonly trifle with and expose the lives of the innocent in order to screen the guilty.

It is impossible within the limits usually assigned to a legislative report, to make anything like a full argument upon this subject, and even in the few points we have touched upon we may have chosen the less important ones, but it is believed, so long has this question been in controversy, that the main arguments and facts bearing upon it are well understood. So believing, we submit the accompanying bill, and earnestly recommend its passage.

L. ALDEN, Chairman.

Excitement in Manitowoc.—We learn from the Manitowoc *Tribune* extra, that a riot occurred in that village, Friday evening last, growing out of the arrest of C. F. Rosstausher, charged with rape upon a married woman. The *Tribune* says:

> The excited populace principally Germans were determined to lynch him, but the daring and judicious conduct of the officers who had the prisoner in charge, and the persuasions of some of the bystanders, induced them to forego their purpose at the moment when chance had placed their intended victim in their hands.

The *Tribune* adds that Rosstausher was tried for murder last year, and though acquitted, was believed by many to have been guilty. He is now in Jail, awaiting trial on the charge of rape.

Another Homicide.—A fatal affray occurred about 7 miles north of this place on the 3d inst. in which John Redman received injuries so severe from the hands of Robert Carey that he died in about 11 hours.

The difficulty, was caused by the Carey family, headed by Robert the defendant, insisting in removing a fence belonging to the Redman family, which they claimed was in the road. Robert commenced removing the fence when the Redman family, consisting of John, the deceased, Patrick, the old lady and the daughter, interfered to prevent it, and in the fracas, Robert by force obtained from Patrick Redman, an axe which was in his (Patrick's) hand and turned on John who was trying to prevent Robert from taking the axe, and catching him with his right hand, by the hair of his head, struck him (John,) on his head with the axe, which was in his left hand, producing a fracture of the skull, extending from the orbit of the eye, to the posterior part of the skull, about 6 inches in length. This occurred about 8 o'clock in the morning of the 3d instant, and about 7 o'clock in the evening John died.

Carey was arrested and examined by Justices Mills, Rosenkraus and Walters, and in default of bail in the penalty of $5000, was committed to the Oshkosh Jail to await his trial.

The prosecution was conducted by W. A Bugh and O. B. Hollman, and the defence by M. L. Kimball.

Considerable excitement existed in the neighborhood, but a majority of the citizens, wisely determined that the law should take its course.—*Berlin Courant*, March 11.

Thawing Out.—The land buyers who have been a little torpid for the last two months, are crawling out. Cash sales at the Stevens Point Land Office for the 5th inst., $1,416,65. By Land Warrants, about the same. Not a speculator among them all. Farmers, actual settlers and cultivators. We shall have Portage and Marathon Counties settled up and improved in two years.—*Stevens Pt. Pinery.*

Murder at Berlin.—There is a report of a murder having been committed near Berlin last Monday. Two farmers were wrangling about a fence, and one struck the other on the head with an axe, killing him instantly.—*Oshkosh Courier* 8th inst.

☞ John Braham, the celebrated English vocalist, is dead, at the age of 78 years.

A Plum for Hiawatha.

Mr. Bright, in his recent speech at Manchester, commenting upon the effect of the war upon all departments of English effort, spoke of its influence upon the tone of English poetry, and contrasted Tennyson's War Lyric with Longfellows *Hiawatha*, thus:

> "Take the Poet-Laureate as an example—(hear, hear,)—a gentleman whom I have never seen or met, I believe, but once accidentally—a gentleman of great refinement of manner and of mind, who has written poetry in our language,—(hear, hear,)—yet such was the pestilent influence of these scenes of carnage on a mind so accomplished and elevated as that, that he put forth a poem which his friends are anxious should never be spoken of. I have had the opportunity lately of reading a poem from another country—written by the American poet, Longfellow—(applause)—a poem which treats of the legends of the Indian tribes; and while I have turned from the poem of our Poet-Laureate, in which I find him descending to slang of almost the grossest character, I turn with delight to the exquisite poem which has come to us from the other side of the Atlantic. (Hear, hear.)

OPERA TO-NIGHT!—The Opera of "Stradella" is to be performed, for the second time, this evening, for the benefit of the accomplished and pains-taking Director of the Musical Society, Mr. BALATKA. Aside from the attractions of the Opera itself, which is the most successful yet produced in our city, the music-loving public owe a debt to Mr. BALATKA, which they should be prompt and earnest to repay. It is to his unwearied labors, correct taste, thorough musical training and peculiar qualifications, that we are indebted for the high standard of excellence to which our Musical Society has attained. Whenever, therefore, Mr BALATKA is proffered a benefit, by way of partial remuneration for his valuable services, the public for whose amusement he has catered so long and so successfully, should see to it that the compliment is a *substantial* one. Such an occasion occurs *tonight*. Let our readers improve it to give Mr. BALATKA such an ovation as he deserves.

Circuit Court, March 11.

JUDGE HUBBELL, PRESIDING.

Trial of John Feiner for the Murder of Herman C. Adams—Oct. 1855.

J. A. MALLORY for the State; J. E. ARNOLD, for defense.

In this case, when the Inquest was held, we published the testimony taken. A witness who was present at the murder, was sworn in the Circuit Court, and who was not present at the inquest. We give the substance of this witness' evidence. Although youthful, but 18 years of age, he was, without exception, the most clear, intelligent and candid boy we ever saw upon a witness stand.

Charles D. Rogers, sworn—Recollects the time Mr. Adams was shot, it was in his bank; I was behind the counter with Mr. Colt. Mr. Papendiek was, I think, out at the time; saw the defendant in the bank that day, in the morning; he talked with Mr. Papendiek, and, I think, they both went out; didn't see him until he came again in the afternoon; he, defendant was sitting at a table reading a paper; Mr. Adams showed defendant a check just as witness left to go to the Post Office, and was sitting at the same place when he came back. A little after that, Mr. Papendiek came in and showed defendant a check, then they talked in German, witness could not understand it, but they had hard words; the man then took out the pistol and cocked it; Mr. Adams told me to go for an officer, I was frightened, I took two or three steps, Mr. Adams passed me and went round towards the defendant; I went then and sat upon a stool, and the man shot him, and that is all. I saw him shoot Mr. Adams. I mean (the defendant) Feiner; Mr. Adams fell, and the man turned round and shot at Mr. George Papendiek, who was right by my side behind the counter; Mr. Papendiek dodged when he was shot at, the ball broke the glass and struck on the wall; Mr. Papendiek ran round to Mr. Adams, and then went for a doctor; all I saw of the defendant was he went out of the street door.

The witness Rogers was cross-examined at considerable length. To the question, "Did you or did you not observe Mr. Adams make any motion towards the defendant?" the witness promptly answered, "No sir;" and to another question answered that "he didn't observe anything angry between Mr. Adams and the defendant, the anger was only between Mr. Papendiek and the defendant, and lasted four or five minutes before the shooting."

Mr. Colt, when recalled, stated that "Mr. Adams had no weapon in his hand, and that he never knew him to carry any weapon; defendant appeared to be angry with Mr. Papendiek, and Mr. Papendiek appeared to be remonstrating with him and trying to calm him down; he had his pistol in his hand when my attention was first called to him."

Albert Bokanets, in the employ of Mr. Haywood, stated that he sold the defendant the pistol for $2—it was a double-barrelled one—and he, witness, loaded it for him, having first broke two caps to satisfy the defendant.

It was admitted that the defendant went to the bank, having money, deposited there, that the check alluded to was one of $25, drawn upon Mr. Rogers, who was the receiver of the bank, and that the defendant wanted $50.

A number of witnesses were called for the defence, who gave the prisoner a most excellent character; that he was a sober, steady and industrious man, not frequenting saloons, or such places. His employers were Martin & Rugee. Mr. Rugee, when sworn, testified to his good character and industrious habits, and his great necessity for money at the time the tragedy occurred. It was also proved that Mr. George Papendiek "had taken the prisoner's hand in his at the corner of Wisconsin and East Water streets and solemnly promised to give him $30 by half past 3," and many other points were elicited to the prisoner's benefit, going directly to the question of *intent*.

Mr. Arnold, in his opening for the defence, dwelt with great emphasis and force upon the fact that the prosecution had not produced the main witness, Mr. George Papendiek; that it was through *him* the tragedy had occurred; that in many cases the State had procured witnesses from all parts of the United States and from Canada, once, at least; that a short time ago, finding that the witness Papendiek was not to be present, he (the Counsel) telegraphed him at Washington and offered to pay all his expenses if he would come; he answered that he could not, it was impossible.

The learned counsel bore down upon the system of the Germania Bank, having induced a large number of Germans to deposit the savings of their hard labor in sums, some of them, less than a dollar, and then defrauding them, and wound up this part of his speech with some caustic remarks as to the expensive mode of living of the Bankers, while such men as the defendant were deprived of the money they had deposited, and without which they could not live.

He alluded to the estimable character borne by the defendant with great eloquence, and intimated that the discharge of the pistol, the guard being broken off, was caused by the deceased either striking the arm of the defendant, or trying to wrest the pistol from him.

The District Attorney followed with the closing argument for the State, when the Court adjourned to this morning, at half past 8.

Police Court, March 11.

Bryant Coughlin, drunk, fined $1; Christian Plush, disorderly fined $10 and costs; Michael Connell, drunk and disorderly, fined $5; Moses Friedland was brought up for an assault and battery, and discharged for want of prosecution; Philip Freeze, tried for an alleged assault and battery upon Matthew Dodmead, was acquitted; William Vogel, for passing counterfeit coin, was brought down, and examination continued to March 21st, at 10 o'clock.

Rudolf Ronbeck was fined $1 for being intoxicated; Frank Turk, do, $1.

John Brehn was tried and convicted of stealing a buck saw of the value of 50 cents, belonging to John Jennings, and sentenced to imprisonment in the County Jail for ten days.

GOOD CHANCES FOR BARGAINS.—Read Caleb Wall's advertisements this morning. He has come out with Plankinton's addition, which he thinks a superior location. He also offers for sale, at a bargain, a House and Lot in the First Ward, and a Brick Store.

F. BROWN'S ESSENCE OF JAMAICA GINGER.—We call the attention of our readers to the advertisement in our columns, of that well established remedy, "Brown's Essence of Jamaica Ginger," prepared only by its proprietor, at the corner of Fifth and Chestnut streets. It is at all times beneficial, but at this season, when affections of the stomach and bowels, and particularly the Summer Complaint, are so common, no individual or family should be without it. As a companion for travellers on long journeys and by sea, it will be found invaluable.

CITY LAND OFFICE.

GREAT AND EXTENSIVE SALES of valuable property in the Second Ward. That eligible tract of fifty acres purchased by Mr. Plankinton, of Col. Crocker, is now being platted into city lots; all are well aware that there is no part of the city so desirable and so safe to make investments as the Second Ward; the population in that Ward has increased twenty per cent over any other Ward in the city, and the property in said Ward is far below its value. All who are desirous to make investments and to purchase a home, an opportunity will be offered, on the fifteenth day of April. By the first of April I will have ready lithograph maps of the said property to distribute to all who are desirous to obtain any of the said lots. I would also mention for the information of those who are not acquainted with that part of the city, that the soil is so very fine, being of a sandy loam, it does not require any manuring. The most handsome and thrifty gardens are to be found in that vicinity; also, the water which is found at from 15 to 18 feet, is very superior. These are facts necessary for all to know. The lots will each be staked out by the time the plats are ready. The terms of sale, the time, and the place where it will be held I will give notice next week.

GREAT FIRE!

TOLEDO, Ohio, February 12th, 1856.

THE DURFEE & FORSYTH MANUFACTURING COMPANY:

Gentlemen:—On the morning of the 20th ult., a fire broke out in our block, composed of nine buildings, of which ours is the centre. Our Safe was one of Durfee & Forsyth's manufacture, Rochester, N. Y., stood about the middle of our store, and was exposed to the most severe fire we have ever witnessed, from 1 until 9½ o'clock in the morning. So intense was the heat that our stove, which was a large and heavy one, and which stood within about four feet of the Safe, was almost entirely melted down. When we had seen that, we came to the conclusion that the contents of the Safe were not preserved, but on opening it we were very agreeably surprised to find them all in a perfect state of preservation.

Respectfully yours,

MADISON, March 11.

IN SUPREME COURT, 3 P. M.—Judges all present.

Hon. T. O. Howe, of counsel for Bashford, moved for judgment in the case of the contest for Governorship, no plea having been entered by Barstow.

Chief Justice Whiton informed the counsel of the position taken by Barstow's counsel on Saturday—that judgment could not be entered by default, but testimony must be taken.

Messrs Howe, Ryan and Knowlton argued for a judgment as being legal, and cited authorities to that effect. They contended that the information having alleged that Bashford was elected, such must be the judgment.

Attorney General Smith urged that Bashford was only entitled to an interlocutory judgment, and that the evidence must be taken.

Bashford's counsel read from Constitution to show that if judgment of ouster alone is given, no one could act as Governor since there would be no removal as contemplated by the Constitution.

The Court took time to consider as to its judgment.

SIX O'CLOCK REPORT.

Congressional.

WASHINGTON, March 11.

SENATE.—Mr. Bell, of Tenn., by direction of the Naval Court, reported an order that the committee be empowered to send for persons and papers in Kansas.

HOUSE.—On motion of Mr. Lyman, the Library committee was instructed to enquire into the character of the work about to be issued by Dr. Kane on the Polar regions, with a view of ordering copies for members.

250 copies of the reports of the majority and minority of the committee on Elections in the Kansas case were ordered to be printed.

SENATE.—Mr. Brown made a speech in defence of the Administration's course in the Clayton Bulwer Treaty, and enlistment question. Adjourned.

HOUSE.—Mr Stewart said it seemed to him that this was opening a door which was never to be closed. He did not perceive how the granting of this power could lead to beneficial results.

Mr. Bell replied, that every individual who felt that his character has suffered under unjust imputations, and who demands investigation, has a right to it.

The subject was laid aside and the Senate resumed the consideration of the bill to appropriate three millions for altering and manufacturing small arms and providing the sea coast and garrisons with guns, and accoutrements, munitions of war, &c.

Mr. Brown spoke supporting the views of the Government relative to the Clayton-Bulwer treaty, he hid not desire to assist in exciting a war spirit. The treaty was susceptible of but one interpretation. England's construction of it is a palpable violation of common sense, and if such conduct was resorted to by private individuals in their dealings with their neighbors, it would be very apt to communicate an impression to all impartial witnesses that fraud was intended, he condemned the conduct of Great Britain in the enlistment case. He was opposed to submitting our difficulties with England to arbitration, because a great republic like ours could expect no justice with a crowned head as umpire. Adjourned.

Cotton Mill Burned—Heavy Loss.

The Defalcation.

NEW YORK, March 11.

The New Orleans Picayune states that Colonel Garland's defalcations will reach $150,000, but it is thought by many, that the city has suffered during his administration to the amount of 1,000,000. Mr. Garland started the Louisiana Savings Bank of which he was himself President. The depositors were mostly poor men and women, an immense crowd of whom gathered round the Bank when his delinquencies became known. The doors of the Bank, however were shut.

WASHINGTON, March 11.

ILLINOIS CONGRESSMEN.—The committee on Elections in the House, have prepared a report adverse to the claims of Mr. Foulke, who applied for admission as the representative of the 8th (Alton) Congressional district of Illinois. The report denies that he was duly elected, and recommends that the seat be declared vacant.

NEW ORLEANS RASCALITY.—The Southern mail brings New Orleans dates to Wednesday. Col. Garland's defalcation amounts to $190,000.

NORFOLK, March 10.

All the cabin passengers of the steamer Henry Lewis, whose loss was reported yesterday were saved by the hurricane deck, but 20 of the hands and deck passengers were drowned. Boat's cargo supposed to be a total loss. Insured.

CHICAGO, March 11.

CHICAGO CHARTER ELECTION.—The committee to whom was referred the matter of frauds at the election in the 7th Ward, reported last evening. The report sets forth that a large number of votes were brought into the city from the surrounding towns, as far South as Bloomington, together with other illegalities. The Council, however, decided that the officers elect should be sworn in this afternoon.

EVARTS'
PATENT SHINGLE MILL.

EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority is produced by making the cut in the direction of the fibre of the wood.
The ease with which wood is worked in that direction gives [illegible] of execution and the flexibility of the shingle [illegible] allows the saw so that it may be ground thin on its edge so as to cut away but little of the wood.
All shingles now made with this mill sell in this market seventy five cents per thousand higher than any other sawed shingles.
This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following.

CARLYLE, Ill., June 29, 1855.
I have used Prof. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.
SIDNEY BREESE,
Ex Senator United States.

VINCENNES, Ind., June 10, 1853.
Prof. O. J. Wood. Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.
Respectfully yours,
WILSON KING.

A gentleman of Boston writes to his friends in New Bedford, thus:
To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years, and it was very thin on the top of my head and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.
Yours, &c., ——
July 1, 1854.

GARDINER, Me., June 22, 1855.
Mr. Dyer. Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.
Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 7, 1854.
Prof. Wood.—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.
A. C. WILLIAMSON,
183 Second Street.

ST. LOUIS, June 23, 1855.
Prof. Wood.—As you are about to prepare and vend your recently discovered Hair Restorative, and as you requested my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
I am, sir, yours &c.

DR. WEAVER'S
CANKER & SALT RHEUM SYRUP & CERATE

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c. &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is arising daily from East, West, North and South, of wonderful cures they are performing.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "it has done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

D. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint and Scald Head in the same child have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Frazer, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a course of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years) but Weaver's Syrup and Cerate did the work at once."

Miles Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have doctored and taken medicine enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and [illegible] without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, "I have used the Syrup and Cerate in my family for more than a year, and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success."

Ask Seth Prisbery, of Taunton, Mass., what the medicines will do, ask William Barber, of Three Mile Bay, Jeff. Co., N. Y., what the syrup has done for him, ask G. F. & W. H. Boynton, of Perkinsville, Vt., ask F. J. Kent, of Chicago, Ill., ask Martha Cottle, of Martha's Vineyard, Mass., ask Wm. F. Keahler, or Wm. F. Benjamin, Esqs., of New London, ask Dr. H. M. Murdock, of Pulaski, N. Y., ask J. C. Smith, of Brooklyn, N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup and Cerate, ask Curtis Burroughs, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum, ask Chas. A[illegible] of Hume, N. Y., what the Syrup and Cerate will do for sore legs, ask Winslow and Stafter, Merchants, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.
